CONTENTS

The main purpose of this publication is to identify and describe all of the traditional carillons in the world. But it also covers electrified carillons, chimes, rings, zvons & other instruments or collections of 8 or more conventional or tubular tower bells (even if not in a tower), and other significant tower bells.

The complete publication (online version) consists of, and the Terms of Use apply to, the following PDF files:

- Title & Contents (this page, reproduced in each file)
- Introduction - a complete guide to the display and interpretation of site, summary and other information.
- North America (carillons, traditional and non-traditional)
- North America (chimes, chimolas, rings and zvons)
(North America = The U.S.A., Canada and Mexico)
- Central and South America
- Africa and the Middle East
- Asia and the Pacific Rim
- Belgium
- British Isles (including Eire)
- Denmark and its dependencies
- France
- Germany (East and West united)
- Italy
- The Netherlands
- Europe and the North Atlantic (remaining countries)
- Order form for obtaining standard hardcopy
- Survey forms for carillons, chimes and towers
