
 * Tower bell instruments in the *
 * country of Germany are listed in *
 * five parts, as follows: *
 * *
 * Existing carillons (beginning on *
 * this page) *
 * Former carillons (i.e., defunct *
 * instruments which have not *
 * been replaced) *
 * Chimes (8 to 22 bells) *
 * Former chimes *
 * Great bells (in M.I.L. only) *
 * *
 * Within each part, sites are listed *
 * alphabetically by city. *

 Telephone country code: 49

 NOTE: To maintain correct sort order,
 the umlaut (Ä, Ö, Ü) is shown in site
 names by the -E spelling (AE, OE, UE),
 and the double-S (ß) by SS.

NOTE: Although East and West Germany
 were reunited in 1990, the site names
 shown below reflect the historic par-
 tition, to aid those who have only
 pre-unification maps or historical
 references. Indicators are:
 DDR = Deutsche Demokratische
 Republik (East Germany)
 BRD = Bundesrepublik Deutschland
 (West Germany)

For instruments which have come into
 existence since reunification, the
 partition indicator is omitted even if
 there was already an older instrument
 in the same city.
